Confederation of Indian Industry

2nd Edition of CII Digital Green Manufacturing Summit 2026

Theme: "Digital Green Manufacturing 2.0
Innovate, Integrate, Impact - Scaling Sustainable Manufacturing for Global Competitiveness"

7 October 2026: Chennai

Manufacturing continues to be a key driver of economic growth across South India, with industries increasingly adopting sustainable practices and smart manufacturing technologies to enhance efficiency, resilience, and global competitiveness. As organizations pursue their sustainability and decarbonization goals, the convergence of Industry 4.0 technologies with green manufacturing is creating new opportunities for innovation, resource optimization and business growth.

Building on the success of its first edition, the **2nd Edition of the CII Digital Green Manufacturing Summit 2026**, themed **"Digital Green Manufacturing 2.0: Innovate, Integrate, Impact – Scaling Sustainable Manufacturing for Global Competitiveness,"** will be held on **7 October 2026** at **Chennai**. The Summit will focus on accelerating the transition towards greener, smarter, and more competitive manufacturing.

The conference will be chaired by **Mr Unnikrishnan AR, Managing Director, Saint-Gobain India Pvt Ltd**.

The key session themes at this summit include:

- **Intelligent Technologies for Sustainable Operations**: AI, IoT, Digital Twins and Automation for Resource Efficiency
- **Nurturing Green Skills & Building Capacity**: From R&D to End of Lifecycle Management
- **Fireside Chat Session** on Leaders Dialogue: Accelerating the Twin Transition for Resilient and Competitive Growth
- **From Vision to Value**: Scaling Digital Green Manufacturing through Innovation and Stakeholder Collaboration

The Summit is expected to attract a distinguished gathering of over 150 participants including - Industry Leaders & CXOs, Policy Makers, Sustainability and Operations Leaders, Digital Transformation Experts, Technology Providers, Startups, Industry Associations, and Academia. The event will serve as a platform for key stakeholders to exchange insights, showcase best practices and drive collaboration for advancing digital and sustainable manufacturing.
