ADVISORY FOR REGISTRATION OF FOREIGN EMPLOYERS
IN NON-ECR COUNTRIES

In view of various requests received from various non-ECR Countries in recent times for facilitation of recruitment of Indian workforce, it is decided by Government of India to extend online provision through eMigrate system for foreign employers' registration through concerned Indian Mission in that country. In ECR countries, the practice for foreign employers' registration is already operational. Any foreign employers in non – ECR countries can also now apply for registration on emigrate portal and source workers either through Recruitment Agents or from open market after taking a permit on eMigrate portal (<https://emigrate.gov.in/>).
