**Consulate General of India
Perth**

The world is facing an unprecedented challenge due to the COVID-19 pandemic. Governments in India and Australia have undertaken extraordinary measures to ensure the safety and wellbeing of the public.

It is heartening to see exceptional stories of compassion and kindness from our community in such troubled circumstances. Sincere thanks on behalf of the Consulate to our community members and diaspora organizations that are extending a helping hand to the vulnerable. The Consulate will continue to support and assist you in this endeavour.

Working together in close collaboration, we will tide over this difficult phase. It is important that we all should comply with the Australian government rules and regulations.

The Consulate is disseminating updated information through its website and social media platforms. We are aware that some of our citizens and students wish to return to India. For the present, please stay put wherever you are in view of the ongoing restrictions that are aimed at ensuring the larger public good. In case you need any assistance, you may contact us at: cons1.perth@mea.gov.in, Phone: 0431743681.
